**The perfect load
Every time**

Stop Wasting Time, Money & Fuel

THE FREEDOM TO KNOW YOUR WEIGHT ANYTIME, ANYWHERE

Air-Weigh On-Board Scales increase the efficiency and reduces costs for every load and driver. No more wasted time to find an in-ground scale, no more lost income for under-loading or fines for overloading.

- ▶ Accurately measure axle group weights: steer, drive, trailer, GVW and NET Payload
- ▶ Easy to install and calibrate
- ▶ Integrate with third party on-board software
- ▶ Accurate on-the-ground weights, within 1% (air-ride) or 3% (mechanical) of a DOT certified scale
- ▶ PIN protection
- ▶ Dual point calibration
- ▶ Alarm outputs: Two, both with warning and overweight thresholds
- ▶ Compensation for temperature and altitude
- ▶ Available for Air-Ride and most Mechanical suspensions
