### MODEL AC300: AMERICAN CART CANE LIFTER

This dependable lifter features the ability to dump over very high edges, even right over the side of roll-offs and dump trucks! With simple design and few moving parts, the AC300 is a great solution for food waste collection as well as construction debris or other specialty collection services. The AC300 may be mounted to a mobile vehicle, or used on a stationary stand for dumping into compactors, balers or other processing equipment.

The AC300 is an ideal answer for high-dumping applications thanks to the refined design that comes with years of production.
